838,259 Acres of Scenic Beauty for Tourists

Community House Will Be Ready For Opening of School Next Month

The Community House, of which the Journal has been boasting is so near realization of our dream, here in Joshua Tree, that the school teacher has been employed, and school will open there Sept. 10.

With all shoulders to the wheel in our community we have the rest rooms ready, the cloak rooms completed and everything but the finishing touches completed, which will be done in the near future. There is no let up in our fine workmen, who have contributed labor. Our merchants, citizens and lot owners have all contributed material and money. However, more money will be needed to complete the job. Mr. and Mrs. Underhill will give three shows in Twenty-nine Palms Saturday, September 7, for the benefit of our building fund and everyone is urged to go to one of these shows.

The American Legion have helped on the building. The Auxiliary and Woman's club have given benefits for raising money and if there is one person or organization in Joshua Tree who have not cooperated we have failed to hear the news.

This Community House or Hall, which is so near completion is one institution of which we have all taken a just pride.

Send in your money to the Community Association, the Joshua Townsite Company, or the Journal. It will get to the finance committee regardless of to whom it is sent. Money is what is needed to finish the job. You will receive a receipt for your money and it will

(Continued on page 8)

Morongo Valley Man Injured

Mr. George Hicks, of Morongo Valley was seriously injured Monday by a truck, which had been stopped at his place for water accommodations. The accident occurred between two and three p.m. His right leg was broken just above the knee and he was taken to the San Bernardino hospital for treatment. Mr. Hicks is about eighty years of age.

King Cole, of the Morongo Lodge and formerly of the Navy administered first aid and cared for him until the ambulance arrived. His son, Allen Hicks was notified and will no doubt take charge of Mr. Hicks home. A neighbor is looking after his interests at this writing. Mr. Hicks is a highly respected citizen and the accident is unfortunate.

The official details could not be ascertained at this writing.

Registration Books Will Open Soon

The registrar of voters office in Los Angeles, will have a registrar visit Joshua Tree the latter part of each week between now and the closing of registration and they will be found at office of the Joshua Tree Townsite Co., where you can contact them. Announcement will be made through this paper when the registration books will be opened.

Women's Auxiliary Gives Party for Community House

The Bingo party, which was given by the Woman's Auxiliary of the American Legion Wednesday night of last week at Crane's Lumber Yard was another big success.

The party was given for the purpose of raising funds for the Community House. $64.63 was cleared at the party. Mrs. Binita Lyday had charge of the bingo games, and Bud Lyday was caller. Both Legionnaires and Auxiliary members were helpers. Mrs. Milo Crane was chairman of the committee. Elsie Iverson and Edith Parrish had charge of the refreshments, which were served free.

Fifty or more persons were in attendance and all enjoyed both the bingo games and the idea behind the party—helping a good cause.

The Lydays Sell Business Block

Mr. and Mrs. Bud Lyday sold their business block on 29 Palms Hiway in Joshua Tree, last week to George S. Kashishian, of Long Beach. The property consists of the twenty-five hundred square feet store building, now occupied by the Trading Post grocery and the Desert Steak House restaurant.

The new owner has taken the property over and will continue the leases now held by the occupants. The deal was a cash consideration and both purchaser and seller seem satisfied with their contract. The property will grow into value as time marches on and is one of the most centrally located in the town.

Some of the Most Spectacular Rock Formations in the World to be Seen in a Drive through Joshua Tree National Monument

At the invitation of Mr. and Mrs. Duncan of the Joshua Tree Townsite Company, the editors of the Journal were taken for a ride through a portion of the Joshua Tree National Monument last week. Entering the Park from the Joshua Tree entrance, we were inducted through some of the most wonderful natural scenery we have ever been enabled to view—and we have been around some.

One of the most interesting places we were taken into was what is known as "Hidden Valley." This place can only be entered by small openings in and uder the mammoth rocks which guar d it, and after stooping and crawling over the gravel paths, we emerged on the inside where the beauties of the valley attract your interests. This small valley is surrounded completely by great rock ledges and is a natural fortress, such as you may have read about, but seldom see. Pines, Joshua Trees and many other varieties of bushes and shrubs grow in here. It would be a lovely place in which to live if you didn't want much company.

After crawling back out of Hidden Valley we next journeyed on until we finally wound up on Inspiration Point, the highest accessible place in this part of the Park. Here our hosts brought forth from the car a huge basket of good things to eat, accompanied by a supply of good hot coffee. After kicking around a few boulders, and getting comfortably seated, we went to work on the delicious edibles, and mixed with the cool air you get at this heighth and the scenic beauty you behold from this point, we could not but exclaim, "ain't nature grand." After we had eaten heartily, and Duncan had throw the dishes away, we just looked around and tried to locate Indio, the Salton Sea, and even Palm Springs, which ordinarily can be seen to the south and southwest of the Point. As you look down into the canyons and valleys that have been dug deep and varied by many years of erosion at this place, you wonder, how it could happen. It is an inspiring and exhilerating moment.

We insert here a little history of the vast Park as garnered from a folder issued by the Joshua Tree Townsite Co., some months ago:

Especially inviting is the Joshua Tree National Monument park, an entrance to which is at the town of Joshua Tree, San Bernardino County, California. This comparatively recent addition to our National Park System was created by Presidential proclamation Aug. 10, 1936, and consists of 838,258 acres of some of the most beautiful desert and mountain scenery to be found anywhere in this country. The elevation of this enchanting land ranges from a thousand to more than five thousad feet and is an excellent example of basin and range physiography.

There are good, desert type roads throughout the park and those who enjoy hiking may climb mountains, clamber over rocks as large as office buildings or explore the numerous caves and intriguing by-ways of the area to their heart's content.

From a point on the ridge of the Little San Bernardino Mountains, locally known as Inspiration Point, Salton View, or Key's View, is one of the most extensive desert views in the west. From an elevation of almost a mile and easily accessible by car, the visitor may view a vast expanse of beautiful desert, mountain and valley scenery. The Salton Sea, 244 feet below sea level, and the area to the south in Mexico are plainly visible on clear days. In the foreground lie the date gardens of the Coachella Valley, more productive even than those of the Saharas, and to the right, Mount San Jacinto rises to a height of 10,805 feet. Just across the Gorgonio Pass is Mount San Gorgonio, whose peak is snow covered most of the year, with an elevation of 11,485 feet. Here is presented an awe-inspiring and un-

(Continued on page 5)

Coberly Home is an Ideal Spot for a Dude Ranch

Wednesday morning we called at the home of Mr. and Mrs. H. C. Coberly, living two and one-half miles from Joshua Tree. Mr. and Mrs. Coberly are living in one of the most enticing spots in the Joshua Tree vicinity. They are a charming couple, but Mr. Coberly having been a Marine Chief Engineer feels the call of his profession and has decided to sell their nice ranch home, which comprises fifteen acres, lying in one of our most beautiful spots.

One of the things of which the Coberly's boast, is their well of the very best water, of which they have an abundance. The house is a homey ranch house with modern conveniences. It is clean and inviting, the walls being snow white. It is so cool and restful that it will lure your tired kinks to smoothness.

While Mr. and Mrs. Coberly have equipped the place for chicken raising, we could not help visualizing a Dude Ranch located in this beautiful spot. The fifteen acres is adequate for building of stables, and many cottages could be built with little expense for those who wish to come to the desert for rest and recreation.

When you come to Joshua Tree won't you let us drive you to this ideal spot and let it sell itself?

There is a windmill with 600 gallon tank of water on the place. The possibilities of this acreage and lovely ranch home and location are so enticing that it will surprise you. Come and see for yourself.

Ranch Home in Sun Valley

Mr. and Mrs. A. W. Wallace, of Sun Valley are building a ranch home in Sun Valley, which will be comfortable and homey. Hays & Barry have the contract. The house will be 32x32, and will comprise a living room, store room, 12 ft. porch screened and glassed, fire place in living room with rock mantle and a kitchen with a bar, which will be compact and handy. They will also have a front porch 8x6. The Wallaces have moved their stock and chickens to the ranch and they are going to enjoy ranch life in real satisfactory ranch style. Mrs. Wallace is enthusiastic about her house and is well pleased with her contractors.

Stewart Gear Opens Studio

Stewart Gear, expert photographer, opened his studio here Wednesday on Commercial Boulevard next door to Dr. Sinclair. He expects to furnish three day service of kodak finishing also portraiture in homes will be a feature of his service, as also will be commercial photography. Look for his "ad" in the Journal and give him a trial. This is an excellent field for all kinds of photographic work.

HAVE YOU HEARD

Mrs. Maude Fox says that the certificate she received was a Charter member certificate to the Auxiliary of the American Legion, not a life certificate, and that the charter will be open for 30 days. Any eligible woman joining within 30 days may become a charter member.

Mr. Shanon Carpentre, of Howard, Indiana, has gone to Los Angeles, after visiting his uncle and aunt, Mr. and Mrs. Jack Lowther of El Reposo Circle. Mr. C. expects to take up broadcasting when he has completed his course in government school.

Mrs. Ed Clark, of 29 Palms visited Mr. and Mrs. Duncan, Monday. The Clarks are much impressed with Joshua Tree and her people.

Edward N. Clifford and wife and son, Richard, were in Joshua Tree looking over their property holdings, Tuesday. Mr. Clifford is employed with the M - G - M studios, and is spending and enjoying his vacation in our town.

To be 70 years young is sometimes far more cheerful and hopeful than to be 40 years old.

Joshua Tree Looks Good to Bartlett

This office received a very social call Wednesday from Mr. E. R. Bartlett, who is accredited as being the largest land holder in this section of Southern California. Aside from owning lots and a house in Joshua Tree, Mr. Bartlett left owns ten and one half sections of railroad land within a radius of Joshua Tree, which he has purchased within the past few years.

Mr. Bartlett has been in the employ of the Los Angeles Water Co. for the past twenty years, and as he has been retired, he will take life a little easy for awhile. Besides his holdings here, he and a brother have homesites in Nevada, where E. R. will spend a part of his time.

Twenty years ago, Mr. Bartlett, in company with several other men, mapped that section of the country from Yuma up the Grand Canyon to about seventy miles above St. Thomas for the Metropolitan Aqueduct Company. His tales of the early days from 1905 until the present time, of this section of the country are very interesting. He is well acquainted with this section of the country and its history of the past twenty-five or thirty years, and he has high hopes for the future of the Joshua town and her people.

PIONEER TOWN WILL BREAK GROUND SUNDAY

Ground will be broken Sunday afternoon at Pioneertown, a new subdivision which is located about fifteen miles northwest of Joshua Tree, at which time a big celebration is to be staged according to advices from the management.

Many movie stars are expected to participate in the celebration, among them Roy Rogers and the Pioneers o fthe Golden West. There will be plenty of entertainment for those who attend and some real moving picture scenes may be shot. Pioneer town is located in a picturesque spot in the mountains and the town and surrounding country are to be used principally in the production of western movie scenes.

The management extends a cordial invitation to all our people to come up and join them in the Sunday festivities. The editor of the Journal in company with Mr. Duncan of the Joshua Tree Townsite Company, visited Pioneertown Monday and found everybody preparing for the coming event.

Often the difference between a successful marriage and a mediocre one consists of leaving about three or four things a day unsaid.

DESERTAIRE NEWS

Jesse Freeman, road builder from Los Angeles is moving to Los Angeles.

Mr. Louis Graffe, Publicity agent for the Mental Physics institute, spent the weekend visiting his wife at Desertaire Lodge.

Forrest Wilson is enjoying a visit from his children Ronald and Diane, of San Francisco. Forrest will return to San Francisco to work, next week.

About 68 percent of the people of California are still adding to their savings systematically, according to a recent Bank of America survey.

"Application for entry as second-class matter is pending."

There is no one more contemptible than the man or woman who maliciously and falsely go through a community spreading false tales about a competitor or any business institution. Of course this class of people have very little influence or moral standing in the community, and the better class of people pay very little attention to them. Eventually they will, like the dodo bird, become extinct.

* * * * *

When Joshua commanded the sun to stand still we'll bet he never figured how hot it would be in Southern California in August.

* * * * *

You may think it a little extra warm here at Joshua Tree, but listen to this wail from The Barnacle, a paper published at Indio, in the Coachella Valley:

"It was a little "warmish" in the Valley this past week—so much so, in fact, that chickens were laying fried eggs!

And a Coachella farmer left his big fat sow out in a pasture and all he could find the next morning—Monday morning, was a batch of cracklings!

The following readings were provided by the U. S. Experimental Date Gardens at Indio: Thursday, 108; Friday, 111; Saturday, 110; Sunday, 114; Monday, 103; Tuesday, 103; and Wednesday, 105.

* * * * *

It won't be long now until the candidate for office will wend his way hence, kissing the babies and passing out cheap cigars to the voting public. He will orate loud and long on the many virtues he possesses, and which should qualify him for the office he seeks. There are going to be many surprises in store for some of the boys when the ballots are counted in November.

* * * * *

Proposition No. 3, to hike the salaries of school teachers should win in a walk in the November election. It were better to raise their salaries now, than to have them go out on a strike after the schools start.

* * * * *

Old age pensions for Californians will be boosted $5.00 in October, bringing the monthly payments to $55.00 Pressure will be brought on the legislative body this fall to up that amount another $5.00.

* * * * *

Proposition No. 2 is an initiated proposition, legalizing state supervised greyhound racing, with a guaranteed share of the proceeds earmarked for Veteran's Welfare Services. All voters should familiarize themselves with the intent and purposes of this proposition, and give it their support at the November election. The Southern California Horse Racing interests and other selfish groups will no doubt fight to defeat this measure, which should convince all lovers of fair play, that this veterans' bill should be voted into law.

* * * * *

About the only thing lacking now to complete the new school building is the school bell. No school house is complete without the little old brass bell swinging in the belfry. It has a most cheerful sound along about 8:30 or 9 o'clock in the morning—except to the school kid—and it should be heard all up and down this valley when it rings. A school house without the traditional school bell is like an egg without salt. Give us a bell by all means.

* * * * *

The cost of hot cakes and waffles is going up. Oh, my Aunt Jemima.

Kenney's Set League Pace

Kenney's Drugs were still setting the pace in the softball league when this issue went to press due to their 15-12 victory over Bagley's Friday. Today they are either first half champions or tied with Desert Market Basket due to the result of their encounter with PDQ. A defeat for them would require a three-game playoff series, but a victory would insure them participation in the "Little World Series" with (best out of seven games) the second half titlists.

The pill compounders came from behind to eliminate the Plaza grocers, who had amassed seven runs in the first two innings. In the third frame Ed Kenney's laddie bucks evened the score by manufacturing seven tallies with four hits, three walks and an error. Bagley's in the fourth went ahead by chalking up three markers but the prescription fillers came right back in their portion of the same canto by sending four men across the platter. They added one in the fifth and put the game on ice with three in the sixth. The opposition added their last two runs in the seventh.

Bob Nale, Kenney's mound ace, was nicked for 13 hits but he put on the pressure when it was needed and he was given good support in those later innings. John Bagley and Tom Nichols shared the hurling assignment for the losers. Flickenger led the hitting with three safe clouts.

Desert Chemical Works, with Johnny Sullivan on the hillock, won a 9-8 decision over Bagleys Tuesday, while Desert Market Basket, with dependable Nathan Berryhill in the box, defeated Sports Center, 13-2, Monday.

The second half schedule, which will include one round of five games for each team, is planned to start at Gilpin field Tuesday.

Tonight Redlands is playing a return game here with the league All-Stars, winners of the previous contest and tomorrow night the local ladies team will meet the women's aggregation from Banning. All games are slated to start at 8 o'clock.

Flying News From 'K' Field

There will be an informal glider meet at Violet Dry Lake over Labor Day week end. Violet Lake is five miles east of Joshua Tree and ten miles west of Twentynine Palms. Pilots will try for altitude, duration, bomb dropping and spot landing awards. If the weather is exceptionally suitable some pilots will try cross country flights. Come on over and watch these pilots try to outdo the buzzards.

H. C. Bjke and H. L. Rush flew an Aeronca Champion out from Grand Central Airport. They are taking a mechanics course at Cal Aero Technical Inst. under the G. I. Bill of Rights. They are very interested in learning to glide and each took a demonstration ride Wednesday afternoon. Bjerke is interested in the desert and owns property in Twentynine Palms.

Bill Royal and Boyd Leaditt are working the Fairchild PT-19 pretty hard these days. Boyd made two trips into Long Beach last week besides a few hours of dual instruction. Bill took a few hours of dual instruction and persuaded his friend Gussy Ojala from Joshua Tree into taking a flight.

We have found a new use for the Piper Cub. Mr. Noles from Los Angeles rented the Cub early Sunday morning to look for a gold mine that he is interested in. He found the mine in a short time and is convinced that he should buy a Cub instead of a Burro.

Mr. Arden Connick and Jack Lawton of Glendale flew their BT-13 to K Field Sunday to visit Jack's father who lives on a ranch in the Joshua Tree Monument. Mr. Lawton senior enjoyed a flight over his ranch.

Mr. and Mrs. E. M. Davis, daughter Jean, and Dick Sullivan were out to enjoy a little flying Monday. Jean enjoyed her first venture into the air on a trip over Twentynine Palms and the National Monument. Dick put in an hour of practise toward his private license.

Franky Bower put in an hour of flight training in rough air Monday afternoon.

Philip Towne and Earl Funk flew in Tuesday morning. They were on a little Cross Country flight from Cable-Claremont Airport in Upland, Calif. They had flown in from Barstow and planned to stop at Banning on the return trip to Upland. A Piper Cub from Needles, Calif., stopped for a little gas enroute to San Bernardino Airport.

Roy Torrey and family, from Big Bear, stopped in for a short visit. Torrey used to be tow pilot during the Glider program and Flight Commander during the primary school at the Twentynine Palms Air Academy.

THIS . . . and THAT

By Beth Barrett

"Aunt Beth are you glad you are you?" asked my niece Dorothy, who was bubbling with youth and vitality.

I replied that I had not given the subject much thought, but that I was glad Dorothy was Dorothy.

When I saw Dorothy three years later she had married and divorced an attorney, was a young mother, had just finished working for Senator Thomas, the popular Senator from Oklahoma, and was expecting a job in Washington.

With all of these various experiences Dorothy had not changed and I was still glad that Dorothy was Dorothy.

When Dorothy is ninety not anything will be able to curb her job in living or her youthful spirit. She will look forward smiling for whatever new experience life has to offer.

The lights and shadows are beautiful on our mountains today and I feel lazy. A young woman and her husband just dropped into the office and asked me about investments in Joshua Tree. I hope I have advised her right. My mail had in it a check for $10.00 for our Community House and Larry has just given me some good news which I may be able to tell you about next week. Larry is the genial salesman for the Joshua Tree Townsite Company, likes the desert and is alert that those who come our way may enjoy our hospitality. We do not urge you to buy here, but we hope you will and that we can, all together make you happy when you do locate with us.

A mutual friend has just told me that Purex will kill these little bugs that fly around in hot weather. Try it. It works like a charm.

One of the things on which we all agree is that money is important. The reason that wealthy persons are easier to live with, is that they know how to relax. They do not have to be on a tension when they are entertaining us. They do not have to work. Work, in my estimation is a little over rated. The boss really likes to work. That is because he does not know how to enjoy leisure. Two life times would not be enough for me to enjoy all of the things life has to offer if I had money. Hoarded money gives one power over others and not anything else. Anyway I feel too lazy today to argue. If you say that money laid away has other uses I will agree with you. Never liked to argue.

Forty - Eight Years Ago

3rd Installment Jack Meek's Diary

Monday, March 7, 1898 — Camp No. 4, 1000 Palms. After breakfast was over Jack saddled one of Joe Fountain's horses and rode over to Box Car station, known as Dry Camp on the S.P.R.R., to visit the operator and find out the news. Frank layed in the shade of mesquite and slept. Joe went to look for the cattle, Jack stayed with the operator all day and didn't get back until night.

Tuesday, March 8, 1898 — Camp No. 5. We made Dry Camp in what we supposed was near the head of 1000 Palms Canyon. When we reached the place we could find no sign of a trail for stubby springs and made a circuit of a mile and a half over hills and thru the brush and then pitched camp for the night. While Frank got supper Jack lit out to hunt the trail for Stubby Springs in which he had good luck to find which we were wandering around to find, while we were wandering around looking for the trail we lost the rifle and the burro pack and will have to go back and look it up.

(Continued Next Week)

Mr. and Mrs. J. Wright returned from a several week's vacation at Fawn Skin, and other points. They were glad to be home after their vacation.

Acres of Scenic Beauty for Tourists

(Continued from page 1)

forgettable panorama of nature's contrasting beauty.

There are many peculiar rock formations to be seen as you drive through the Park. Towering hundreds of feet high, they have been thrown together by nature, until they look like the handiwork of man. The rock is of granite quality. Many of formations look like the old midevial castles you have seen pictures of and read about. Several places on the route you will see balanced slabs of rock, hundreds of feet up which look like they would fall at any minute. Outline of a lion shows up on the very top of a high mountain of rock, created there by erosion of the years past. Other places will be seen many cave like looking entrances into the large rocks. In spots along the drive, vegetation was green and the Joshua Trees proudly dot the valleys.

As to roads, the government has been spending considerable time and money in improving the Park roadways, while the county supervisors of this county, have also been diligently bettering the condition of the roads leading into the Park which comes under their jurisdiction. The roads still need some more grading and clearing but we understand everything is being done along those lines to put the roads throughout the entire Park in first-class condition.

Tourists who visit the Joshua Tree National Monument, can do so the year around, and with all roads leading into and through the Park, it can prove an outing that you will long remember.

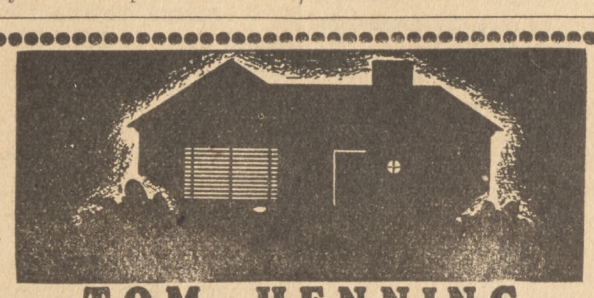

Women's Club Food Sale Draws Many

The Food and Bake Sale, which was held at the Joshua Tree Trading Post Saturday under the auspices of the Woman's Club, was one of the busiest spots in Joshua Tree.

Food, consisting of pies, cakes, rolls, cookies, cakes and other good things furnished by the club members began to arrive early and ready buyers were plentiful. The food was plentiful and people were clamoring for the good things to eat, furnished by the club members. Mrs. Wiser, president of the club said the co - operation furnished both by the members, the patrons and the Joshua Tree Trading Post for generously furnishing space were all appreciated.

The club took in about forty-five dollars, which will be turned over to the Community House fund.

Mrs. Wiser wishes to express her thanks to Norma Ojala for her valuable help during the food sale.

29 Palms News

By Ann Craig

The following guests of Mr. and Mrs. Showalters have returned home after a pleasant visit in Twentynine Palms: C. Lindquist, of Santa Ana, C. Ellis of Ventura, and C. H. Worthen. All enjoyed a pleasant visit with the Showalters.

J. L. Lyons, owner of the Lyons Furniture Store in the Smoke Tree Track is now open for business. Mr. Lyons was recently discharged from the U. S. Medical Corps. Before and after being discharged he was working as a civil engineer. The Lyons came to Twentynine Palms for Mrs. Lyon's health. They also have a little daughter six years old.

First Lieut. Frederic Beiser of the U. S. Air Corps spent a few happy days with his wife and little son who are residing with Mrs. Pearl Bawl of this city. Lieut. Beiser is attending the University ot Berkley, Calif.

Harry Munson and family have returned to their home on Misquite Rd. for the winter.

Mr. and Mrs. F. G. Pardee, father and mother to Mr. Pardee, owner of the Desert Laundry, visited their son and family here and on returning to their home in Long Beach took their little grand-daughter back. Little Miss Pardee will return in time for the first day of school.

Little Miss Ann Overbay Jones, daughter of Mr. and Mrs. Harlow Jones, just one year old the 27, celebrated it with a birthday party, at the home of her grandparents, Mr. and Mrs. Jeff Overbay's in Yucca Valley. Her grandparents, Mr. and Mrs. Harry Jones were there too to see the little miss cut the cake. The Journal sends a happy birthday wish and many of them to the little Miss.

Mr. and Mrs. Hatch, Jr., and children, have returned home from their vacation that they spent in the East.

In case you need a doctor, Dr. Rose has returned from his vacation to 29 Palms.

Mr. and Mrs. C. G. Herberger, daughter and son-in-law, are weekend guests of Mr. and Mrs. T. D. Webster.

HARVEY M. SCOTT, JR., OF MARCH FIELD, KILLED

An Army P-80 Jet Fighter plane, carrying Harvey M. Scott, Jr., crashed Monday near Highway 99, midway between Beaumont and Banning, killing the pilot and totally wrecking the plane.

Scott was on a routine training flight at the time of the crash. He leaves his widow, Mrs. Patricia C. Scott of Corona.

STEADILY GROWING

S. S. attendance is going up steadily with 22 in attendance last Sunday. The party held Tuesday afternoon at Mrs. Lee's was a success with the boys, who lost the contest, furnishing the ice cream to the girls. Mrs. Milo Crane, Jr., assisted Mrs. Lee. The boys are out to win the September contest, so the girls will have to work.

Flag for Building Will be on Hand

August 25, 1946
Los Angeles, 24, Calif.

Mr. W. K. Barrett,
Joshua Journal,
Joshua Tree, Calif.

Dear Comrade:

Enclosed please find one dollar to renew my subscription for the Journal to this address and furthermore will state that I will be in Joshua Tree on September 3-4. I will bring the Flag, which I have here now, w th me and bag and baggage hoping for an extended stay. I have the authorization from State Commander U. S. W. V. and hope to soon get enough signers to send application to National Headquarters in Washington for Charter for our Desert Camp.

Hoping for continued progress and success to our community Building, I beg to remain,

Respectfully yours,
Fred R. Fulham
11738 Mayfield Avenue
Los Angeles, 24, Calif.

DONA GREY HEALTH FOODS WORTH VISITING

One of the business places of which Joshua Tree really boasts, is our health food store.

Miss Dona Grey, who conducts the store, has a supply of health foods which meet the needs of anyone desiring to avail themselves of her foods, or her expert advice.

She has lately put in frozen fruits, fish and vegetables, also frozen chicken.

You should visit her place, just north of Crane's Lumber Yard, on Commercial. If you do not wish to buy, Miss Grey will be glad to have you drop in and get acquainted. Watch for her "ad" in another column.

What a pity human beings can't exchange problems. Everyone knows how to solve the other fellow's.

School to Open September the 10th

Principal Joseph P. White of Twentynine Palms was in Joshua Tree Wednesday making a survey of the school children. School will open September 10th in Joshua Tree at the new Community Building and Mrs. Dessa J. Keatley has been employed as teacher. Mrs. Keatley formerly lived in Colton. She attended the University of Redlands.

Mrs. Keatley is moving to Joshua Tree with her husband and two daughters and grandchild.

A complete survey of Joshua Tree's school children had not been made at this writing. We hope to have this information in next week's Journal.

SURPRISE PARTY

A pleasant week end was enjoyed by Mr. and Mrs. B. W. Copp when 23 of their relatives and friends arrived from L. A. and Bell Saturday evening, the occasion being Mrs. Copp's birthday.

The entire party spent the night and enjoyed a picnic lunch at Hidden Valley Sunday — the guests having brought the dinner with them.

Mrs. Copp received many beautiful and useful gifts.

Those attending were Mr. and Mrs. Lloyd W ser of Joshua Tree, Mr. and Mrs. C. A. Copp and three daughters, Mr. and Mrs. Elmer Henderson and 2 sons, Mr. and Mrs. A. G. Miltzetrey, Mr. and Mrs. J. A. Palmer, Mrs. Mary Dairs and four daughters from Bell, Mr. and Mrs. A. R. Copp, Mr. and Mrs. L. J. Bavar of Los Angeles, Mr. Farrel Plessman, Huntingt n Park, and Doyle Partin of the U. S. Navy.

Owing to a shortage of white paper this week we are compelled to use yellow paper on part of this edition. This is unavoidable, so we ask your indulgence. Better luck next time.

THE EDITOR

THIRSTY AND HUNGRY? DROP IN AT BELOWS

After a thorough job of remodeling the interior of his place of business in the west part of the town, Below is again open for business and invites the thirsty and hungry public to drop in and see him any time from 10 o'clock a.m. until midnight—except on Mondays when the place will be closed.

Mr. Below is a genial host at all times, and in his Beer, Wine and Sandwich service, you can expect the best. The place was opened to the public Wednesday and is already enjoying a lucrative patronage. Success, friend Below.

Pavement Pick-ups

Don Walker, son of Mrs. Hanna, is home for his birthday, which was Tuesday. Don lives in Redonda. He came home for the birthday cake which his mother baked.

Mrs. Clark and sons returned from Long Beach this week where they had taken Mrs. Clark's nephew home. They were driven home by Mr. and Mrs. Ford, who were also visiting there.

Mr. and Mrs. Fox are sporting a new Chevrolet car which is the envy of those of us who are waiting for a new car, or just walking. It is a beauty, and Mr. and Mrs. Fox are quite proud of their lucky deal.

Mr. and Mrs. Kenneth Parks and Miss Elizabeth Howard, of Hollywood, were the guests last week of Mrs. Pepper. Mrs. Pepper had been visiting the Parks' in Hollywood and her friends brought her home and enjoyed a few days in Joshua Tree, where they always enjoy coming.

Mr. and Mrs. Rees of Los Angeles, also Mrs. Goodwin, who used to be hostess at the Club House were visitors in Joshua Tree, Monday. They were guests of Mr. and Mrs. Mitchell. Mr. and Mrs. Rees are building a home here on El Reposo street.

Mr. and Mrs. Krumcke have been in Long Beach again at the bedside of Mrs. Krumcke's sister who has been dangerously ill. Mr. Krumcke returned home Monday, and states that Mrs. Martonson is very low and that Mrs. Krumcke is in constant attendance at her sister's home, where they have moved her.

Mr. Edward Bartlett, who has been spending several weeks in Idaho, returned to Joshua Tree last week. Mr. Bartlett recently purchased a home in Joshua Tree and is one of our most ardent boosters.

Mrs. Alice Moore, of Los Angeles, well known health food enthusiast, and Battle Creek councellor, is visiting Dona Grey, of the Health Food Store.

Mr. and Mrs. George Howett, of San Gabriel visited in Joshua Tree Saturday and Sunday. They are lot owners in Joshua Tree and expect to build in the near future. They renewed their subscription to the Journal while here.

Mr. Moninger, of The Joshua Tree Townsite Company, had with him last weekend Miss Esther Johnson and Miss Celeste Lewis. Both are lot owners in Joshua Tree. They made the Journal office a pleasant call.

RALPH SANCHEZ NOW IN CHARGE

Ralph Sanchez, who has been placed in charge of the Forestry Division patrol work for this section, dropped in to pay his respects to the Journal force Monday. Ralph will have full charge of this section and will have his headquarters at the Morongo Inn in Morongo, where he can be reached in case his services are needed.

Ralph says he is going to like it out here and wants to cooperate with our people in all ways possible. He is a clean cut young man and we welcome him among us.

Life does not change when you are old; it only suffers a rich change.
